## **DETAILED ACTION**

### **Status**

Claims 1, 4-9, 12-18 are pending.

### ***Response to Arguments***

The Applicants arguments filed on January 27, 2006 have been fully considered.

The Examiner submits that the embodiment of the claim invention is unclear and subsequently has rejected the claims under 2<sup>nd</sup> paragraph of 35 U.S.C. 112.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 9 17 and 18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

These claims cite the feature "being associated with an access condition" ... "These limitations recited by these claims are vague and indefinite by usage of the term "associated", no limitation is imposed upon the claimed invention because the nature of the association is not defined..

### ***Allowable Subject Matter***

Claims 4-8, 12-16 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in order to overcome the rejection under 35 U.S.C. 112 and in independent form including all of the limitations of the base claim and any intervening claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John M. Winter whose telephone number is (571) 272-6713. The examiner can normally be reached on M-F 8:30-6, 1st Fridays off.
